2.4 Assessing Students' Qualifications, Experience and English Language Proficiency for domestic Students

- After receiving a completed Enrolment Form- Domestic Student, the Admission Staff will make a decision on eligibility.
- Students will need to meet the following entry requirements dependent on the chosen course:
 - Successful completion of Year 10 or equivalent study for Certificate IV levels
 - Successful completion of Year 11 for Diploma and Advanced Diploma Level of vocational qualifications
 - Successful completion of the SPI's Language Literacy and Numeracy (LLN) Test relevant to the levels
 - Training Package entry requirements must be met and
 - Applicant must be 18 years of age or above or - Mature aged students who have any have diverse academic, work and/ or life experiences are encouraged to enrol.
- Each enrolment application is to be assessed to ensure that the student's Language, Literacy and Numeracy skills are appropriate for the course for which enrolment is sought.
- A qualified assessor assesses the applicant's Language, Literacy and Numeracy skills necessary for studying at the required level of the proposed qualification. The application is also assessed to determine whether the applicant meets the required entry level competencies for the particular qualification in which the applicant wants to enrol.
- If the applicant's Language, Literacy and Numeracy (LLN) skills do not meet SPI's admission requirements, a learner may benefit from undertaking foundation skills training if there is a gap of one ACSF level between their existing performance and the level required to successfully complete a qualification/course. SPI may also consider it unnecessary to provide foundation skills training unless there is more than one ACSF level difference between the existing level of a learner and the level needed to successfully complete a qualification/course. SPI may determine that the VET course delivery will address the contextualised gap training needed so that the learner will be able to successfully complete without needing specific foundation skills delivery support. If the gap is too large, for example two ACSF levels, then the College may determine that specific foundation skills support is required.

- f) Foundation Skills/ LLN Requirements for Vocational Qualifications:
- i. Enrolment into each course requires each domestic student to meet the specified LLN Skills as per their chosen course.
 - ii. Each student is required to take a Language, Literacy and Numeracy Test for a relevant level. The LLN test will be assessed by a qualified assessor using a relevant Assessor Marking Guide.
 - iii. If the LLN test result shows that the LLN requirements have not been met, then the student may be required to undertake a period of study in the General English course provided by SPI that gives an outcome at the required LLN level.
 - iv. Applicants who have successfully completed Year 10-12 in an Australian Secondary School or had an Australian Certificate IV qualification may not be required to undertake an LLN test, if they can provide an original or certified statement or certificate of confirmation, issued by a relevant school/ institution.
